Ufd219. Grigg's Grove (3.3 ha) TL 609409

Little information is currently available for this ancient wood. The canopy is dominated by Ash (*Fraxinus excelsior*), with some Pedunculate Oak (*Quercus robur*) and Field Maple (*Acer campestre*). The ground flora includes many ruderals. A central oval clearing suggests regular vehicular disturbance.

Date of selection/last revision: 1994
